LOGO | on Dark background

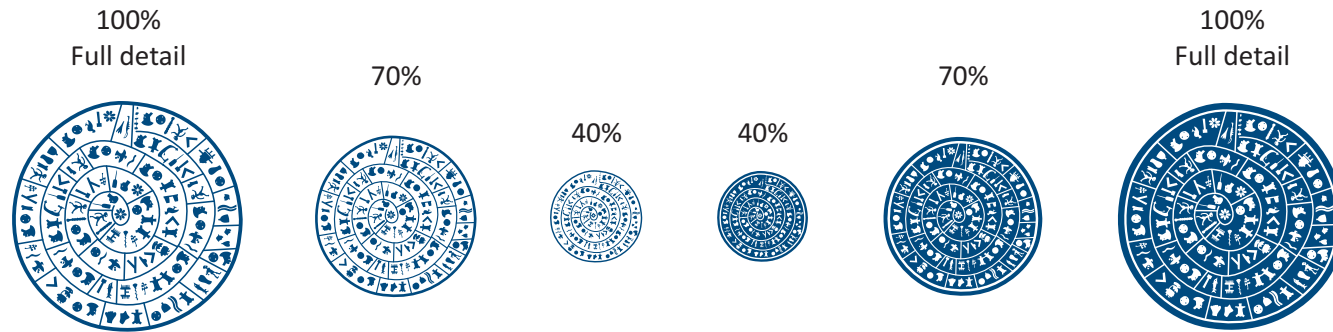

- Logotype can only be used on a **lighter background** than it's gray letters.
- When background is dark, the logotype should be contained in a **white background box**.
- Always keep around the logotype a **clear space of 25%** of the symbol's height, when contained in a box.

LOGO | Phaistos Disk in Different sizes

Phaistos Disk

- The symbol of **Phaistos disk is simplified** according to the size of the logo.
- A great variety of different logo's **sizes / resolution** can be downloaded via FORTH's website ([www.forth.gr](http://www.forth.gr)).
- The Disk can also be **filled with Blue color**, when not incorporated with the letters.
