

Director of Central Administration, FORTH

Summary

Employer: Foundation for Research and Technology-Hellas (FORTH) [<http://www.forth.gr>]

Location: Heraklion, Crete, Greece

Posted: 22 February 2010

Expires: 30 April 2010

Description

Foundation for Research and Technology – Hellas
Heraklion, Crete, Greece

The Foundation for Research and Technology - Hellas (FORTH), established in 1983, is a major Greek Research Center with state-of-the-art facilities and highly qualified personnel. It operates under the supervision of the General Secretariat for Research and Technology of the Ministry of Education, Lifelong Learning and Religious Affairs.

It consists of seven Research Institutes in various locations in Greece: The Institute of Electronic Structure and Laser (Heraklion), the Institute of Molecular Biology and Biotechnology (Heraklion), the Institute of Computer Science (Heraklion), the Institute of Applied and Computational Mathematics (Heraklion), the Institute for Mediterranean Studies (Rethymnon), the Institute of Chemical Engineering and High Temperature Chemical Processes (Patras), and the Biomedical Research Institute (Ioannina). Other important components of FORTH are the Crete University Press (CUP), the Mount Skinakas Observatory, the PRAXI Network and the Science and Technology Park of Crete (STEP-C).

The position being advertised is that of the Director of Central Administration of FORTH, who is also by law the Chairperson of the Board of Directors of FORTH and is based in Heraklion.

The Director is expected to be an internationally known scientist in one of the research fields of the Foundation and to have considerable administrative experience. In addition to directing the Central Administration of FORTH, he/she will be expected to help formulate and lead FORTH's future strategic development activities and initiatives. The Director should be a citizen of a member state of the E.U. and at the time of his/her appointment, must be under the age of 63.

Apply

Candidates should be fluent in writing and speaking Greek and should apply directly to the General Secretariat for Research and Technology, Greece. Details about the position and the application procedure can be found at http://www.gsrt.gr/default.asp?V_ITEM_ID=6441
